Soc. 4.01.2 My Silent War

Philby, Harold (Kim)

C.I.A. 1.01 Dulles, Allen

now in evergreen

The man Allen Dulles has called "the best spy the Soviets ever had" now tells in his own words the story of his incredible career. From his Moscow sanctuary, Philby discloses exclusively in *Evergreen* how he became Britain's anti-Soviet intelligence chief, then penetrated to the very heart of secret CIA and FBI operations in Washington, and finally tipped off Soviet spies Donald Maclean and Guy Burgess before they could be arrested. Many books and articles are about to appear about Philby's thirty-year masquerade, but only in *Evergreen* does the Soviet master spy himself rip off his mask, revealing the explosive details of a career unmatched in the annals of espionage.

Kim Philby reveals in his own words...

- Why he became a Soviet agent—the two-year conversion from Bocheff to Comrade
- How he escaped a firing squad literally by the skin of his teeth in the early part of his career
- How he advanced in the British Secret Service to the point the Russians told him he must get *regardless* (he got it)
- Why J. Edgar Hoover was furious when he heard Philby had been appointed to work with the FBI and the CIA
- How Philby broke the links of evidence against him, and why he was able to do so

- What the CIA and FBI look like from the inside to a Russian spy
- How J. Edgar Hoover could have alienated Senator Joseph McCarthy—and why he chose not to
- How accused espionage agent Judith Coplan so damaged the public image of the FBI in court that Hoover was forced to drop the charges against her
- How Philby was able to stand up to feared British investigator John Staddon, the man who forced a confession from scientist Klaus Fuchs
- How Philby helped two important Soviet agents escape just hours before British intelligence was ready to move in

- What happened when Philby was sent to Istanbul to question a Russian defector who promised information about a Soviet spy in British counter-intelligence (Philby's insight)
- How a leading British newspaper unwittingly made it possible for Philby to continue his undercover career for another seven years

This is only a preview of what is surely one of the most fascinating, most remarkable true life stories ever recorded. It appears exclusively in two monthly *Evergreen* installments beginning with the issue now on your newsstand. Be sure also to reserve your copy of Philby's complete story *My Silent War*, which will appear in the next issue.

Note to Advertisers

Evergreen Review is one of the hottest, fastest-growing magazines in the country today. For a full demographic profile of the perceptive, influential, affluent *Evergreen* audience, call Allen Schluger at 800-8400, or write him, c/o *Evergreen*, 80 University Place, New York, N.Y. 10003.
